FOAMCORE

Original 44mm Composite Doors

Welcome to the Ultimate Composite Door

The Ultimate ORiGINAL[®] door offers a high level of security, with increased resistance to forced entry, and reinforced GRP skins as standard. It has passed the rigours of PAS24 (enhanced security standard) in line with Approved Document Q (required for New Build projects).

With the Ultimate ORiGINAL[®], the emphasis is firmly on choice with a comprehensive range of designs, finishes and colours.

Door Style: **Monza II Augusta Long**
Door Colour: **Cotswold**
Decorative Glass: **Tectronic**

Composite Construction and GRP Skins

The Ultimate ORIGINAL® composite door is the minimal-maintenance alternative to traditional materials. It has 44mm reinforced GRP skins, finished in either woodgrain or an exclusive smooth/etched finish that perfectly matches aluminium, delivers kerb appeal for any property. The Ultimate door out performs other market alternatives with outstanding thermal performance. Inside, the PU foam core reduces heat loss and is encompassed by an LVL (Laminated Veneer Lumber) subframe to provide strength and rigidity. The door protects the home from the elements and will have minimal thermal expansion and contraction rates under extreme temperature variations which is perfectly normal.

Exclusive Glazing Cassettes

The Ultimate ORIGINAL® composite door range uses the FLiP® exclusive glazing cassette system with revolutionary Foam in Place technology. Ultimate also offers the unique Inox™ cassette system finished in stainless steel. or black matt finish

Decorative Glass

Ultimate offers the widest range of traditional and contemporary glass designs, along with exclusive collections, so customers have infinite options for their front door.

Glass Colour Options

The Lanesborough glass designs lend themselves to colour co-ordination of the glass to complement or contrast your choice of door colour. Choose from either Amber, Blue or Green borders.

Technical Specifications

ORiGINAL® 44mm Door

- > Grained GRP SMC skins are available in a wide variety of styles and colours including wood stains
- > Stiles and Rails are manufactured from a water-resistant polymer
- > LVL (Laminated Veneer lumber) is used as the main internal reinforcement
- > Skins and sub frame are bonded with a Urethane Adhesive Resin
- > The door is filled with CFC-Free Polyurethane Foam density 44.5 - 45.5kg/m³
- > Superior heat and sound insulation
- > Complimentary choice of grained reglazeable cassettes
- > Centre Pane Value of approximately 0.44
- > Doors meet the requirements of PAS24 (enhanced security standard)

Care and Maintenance

Your new door should keep safe and secure for years to come however with all products and especially those that are exposed to the elements we recommend that you carry out a care and maintenance routine.

- > Door frames should be washed with warm soapy water, however stubborn stains can be removed using specialist PVC-u cleaners and by following the manufacturers' guidelines.

Glass

All the double and triple glazed units used in our doors are manufactured to the highest standard and come with internationally recognised accreditations for performance, strength and thermal efficiency.

High Performance Units

All units are made with toughened glass to comply with EN12150, the International standard for safety glass. All units are manufactured to the EN1279 standard for quality of seal and life expectancy and come with a manufacturer's 10 year warranty.

Thermally Efficient

All the clear or obscure glass units in our range have insulating features as standard. They are manufactured using low emissivity glass and the airspace is filled with Argon gas to give industry leading thermal efficiency. In addition, we only use warm edge spacer systems.

Security and/or Safety Option

Most glazing options can be supplied with an upgrade where the outer pane of toughened glass is replaced with laminated glass which holds together when shattered.

- > The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based product or abrasives should be used as these will damage the surface of the skin.
- > External glass should be cleaned with warm soapy water and cleaned with a proprietary glass cleaner.
- > Hardware can be cleaned with a mild detergent and wiped clean. No harsh chemicals or abrasives should be used.
- > Maintenance of the door may be required to maintain any guarantees from the installer. Hinges should be lubricated with engineering oil. Cylinders can be lubricated with Teflon-based products only, as other oils may cause degradation. If necessary, a small amount of lubricant can be applied to the moving parts such as letterplates, handles and knockers.

Thermal Performance

The ORiGInAL® composite doors are thermally efficient by design.

The warm foam core allows the door to have a significantly better 'U' value than any other option on the market and our entire range meets with the requirements of the current Building Regulations.

There are various upgrades to the glass options which can increase the thermal performance of the door.

Performance

The ORiGInAL® composite door offers a truly appealing entrance for any home, with a high-definition smooth or grained GRP outer skin that will look stunning for years to come. The door offers stability from the elements with its inner core of LVL encased with composite stiles and rails for protection against any water ingress. Our doors usually have a grained PVC edge to the hinge and lock side in either White, Chartwell Green, Anthracite Grey, stain or painted finish.

The inner core is manufactured from high density polyurethane foam, which offers exceptional thermal efficiency and will help to reduce energy bills in comparison with any other door on the market.

Security

We take security very seriously. The ORiGInAL® composite door comes with security features which stand up to current and future security standards, including PAS 24 (enhanced security standard) in line with Approved Document Q.

We use multipoint locks (locks should always be engaged so the door is not left just on the latch) and security hardware including high security cylinders and handle combinations and letterplates.

A slam shut lock option is available for a contemporary look.

Note that slam shut locks should be used with caution as the operation of these may not suit certain individuals.

Glass units which comply with Approved Document Q must contain one pane of class P1A (EN356) glass, which must be 6.8mm, security laminated. This is available as an option on glass within our doors at a reasonable additional cost.

Colours

With our high-performance  **PAiNT** paint technology and three state-of-the-art, in-house paint lines, we can offer any colour door which can even complement the colour options on frames. This provides a fantastic choice for the home. In most cases the doors come in white as standard on the internal side, however, for your own individual requirements we may be able to offer different or bespoke options, see our colour ranges for more information.

Glass and Glazing

The visual impact of your door is enhanced by your choice of glass. Depending on the style, the units will be either a double or triple glazed unit.  **GLAZiNG**

The FLiP® glazing cassette system is re-glazeable and passes PAS 24:2016 security attack tests.

Door Styles

A range of traditional doors designed to replicate the most popular timber doors, complete with highly defined mouldings and realistic woodgrain embossing on the surface. Whether for a Victorian home, a modern townhouse or a farmhouse cottage, these doors always enhance the appearance of an entrance.

Grade 316 Austenitic Stainless Steel

For areas of the country, particularly susceptible to increased corrosion such as coastal areas, you have the option of our Grade 316 Austenitic Stainless Steel suite of door furniture. The suite comprises of a handle, door knocker and letter box as featured below.

Contemporary In-line Pull Bar Handles*

Contemporary door styles can be enhanced further with the addition of Grade 316 Austenitic Stainless Steel in-line pull bar handles.

You have a choice of 3 bar lengths, 1800mm, 800mm and 400mm.

Grade 316 Austenitic
Stainless Steel
Escutcheon

*Stainless Steel in-line pull bar handles are supplied with an Automatic lock as standard, including a Stainless Steel Escutcheon and Thumb Turn Cylinder. Please note that consideration should be made to the opening of the door from the inside. It is recommended you consider the use of the pull bar handle inside as well as outside. Position of the cylinder will vary based on the overall door height.

Security

For your security, Ultimate doors are fitted with a robust multipoint lock. Simply by lifting the handle upwards, all locking features are engaged.

High security hinges and optional Hinge Protectors complete the security and ensures the door seals tightly with little effort.

6 Point Lock

3 x dead locks
2 x hook locks
1 x centre locking latch

Hook & Dead Locks

Hinges (other finishes available)

Hinge Protectors (optional)

Automatic Lock Option

On contemporary door styles that include the stainless steel pull bar handle, we offer an Automatic Lock option together with an oval escutcheon*.

Townhouse Lock Option

On certain door styles you may wish to consider our townhouse lock option.

The townhouse lock is completed with a traditional escutcheon finger pull, positioned higher for ease of use.

Automatic Lock Escutcheon*

Townhouse Lock Finger Pull position

To prevent cylinder manipulation, Ultimate doors are fitted with a 3 star high security Yale cylinder, and for convenience all doors are supplied with 3 keys as standard.

Composite Door Sizing

The sizes below are an estimation only of the typical range using the Ultimate 72mm outer frame with a 52mm internal height (excluding cill) and the definitive size range will be confirmed dependent on survey.

			Height	Height	Width
			Standard PVC-u Threshold	Low Stormguard Threshold	
	Single Door	Minimum	2027mm	1990mm	854mm
		Maximum	2127mm	2090mm	1028mm
	Door with Single Composite Sidelight †	Minimum	2027mm	2027mm*	1306mm
		Maximum	2127mm	2090mm	1500mm
	Door with Double Composite Sidelight †	Minimum	2027mm	2027mm*	1758mm
		Maximum	2127mm	2090mm	1972mm

* Height based on Sidelight.

† Doors with Sidelites are split and coupled using 6mm coupler

Minimum/Maximum Door Size Chart (Standard PVC-u Threshold) excluding cill

	Maximum Height	Minimum Height	Maximum Width	Minimum Width
All door styles where allowed by design with the exceptions below.	2127mm	2027mm	1028mm	854mm
Gleneagles / St Andrews	2127mm	2027mm	1018mm	876mm
Side Panels	2127mm	2027mm	466mm	446mm

Decorative Glass Options

Decorative Glass transforms doors and makes a personal statement. We offer a range of styles to suit all budgets and tastes from contemporary styling to traditional choices. All our decorative glass is manufactured to the highest possible standards.

TRADITIONAL

4 Bevel

A simple glass design combining 4 clear bevelled glass squares and blackened coming that allows the light to flood.

Artisan

Striking and flowing elliptical shapes join an array of crystal clear diamond bevels to create a dazzling effect. Glue chip surrounding textures provide a perfect contrasting finish.

Astoria

An Edwardian era design created using a combination of rich coloured glass of varying texture. Encapsulated inside a triple glazed unit to combine traditional leaded glass with 21st Century performance.

Athena

The Athena gracefully combines brilliant cut lines and a clean sandblast finish. The understated half glazed model is a great option as a simple glass design for a back door.

Belgravia

A Victorian inspired repeat design with a delicate star motif set into a diamond pattern. The combination of etched and clear glass works beautifully well on this traditional timeless design.

Birchwood

The purity of this linear range draws its inspiration from Frank Lloyd Wright. Hints of cubism come together with leading edge glass technology to create a wonderful multi-textured finish.

Bloomsbury

An impressive large bevel cluster for those looking for a real feature statement. The Bloomsbury bevels will refract light beautifully and it's intricate detail is unsurpassed.

Carrington

Only available in our Carnoustie door, this simple design and uses traditional lead on a stipple backing glass. The diamond lead design sits proud to the outer pane when glazed into the door.

Diamonte

Offset diamond clear bevels of the Diamonte design provide a particularly modern finish. This contemporary design is finished to the highest standard with zinc and soldered joints.

Essence

A 1930's style decorative glass design combining a range of bold heritage colours and textured glasses with blackened coming and traditional soldered joints.

Grange

Our Bullion uses new techniques to create a very deep cut and impressive look. The circular bands create prisms of light and the design works very well in all styles of property.

Hathaway

Antique coloured glass is joined using a stunning black came and weld. All is encapsulated within the insulated unit for easy upkeep and to protect the design.

Indulgence Grey

The delicately shaped clear glass bevels glisten against the etched glass and create a look of understated and tasteful elegance.

Lanesborough

Genuine coloured Spectrum Glass with blackened comes combine to create this stunning leadlight design, reminiscent of the Victorian era. With Lanesborough, you can now have all the benefits of traditional leadlights, with the performance and thermal properties you would expect in your door. **Available in 3 border colours: Amber, Blue or Green.**

Numbers*

A custom house number as a combination of clear and etched glass, is available on a range of standard glass sizes.

Optimal

Simulated divided lights create the look of individual panes of glass, whilst maintaining the performance benefits of a single double glazed unit.

Onyx

Beautifully handcrafted, the geometry of the brilliant cut recurring diamond motif, complemented by etch effect glass, bring privacy and security to your home.

Prestige

An ageless classic design with crystal cut bevels surrounded by a stipple backing glass. The design incorporates clean zinc lines and traditional welded joints.

Renaissance

'Renaissance' epitomises ultimate luxury. An ornate clear bevel cluster will shimmer and refract natural light beautifully. This lush option is available with the choice of a clear or black crystal cut border.

Stardrop

Stardrop features delicate star drops in a sparse pattern giving a high level of obscurity through the etched texture of the glass.

Tiffany

The Tiffany is reminiscent of designs used in the Victorian period. It uses a combination of vibrant coloured glasses against a background of softly rippled glass, with blackened comes.

Tranquility Zinc

This extremely popular model combines multiple cut bevels and striking backing textures all encapsulated with the insulated glass unit.

Trio Diamonds

The finest quality of hand crafted decorative triple-glazing with a contemporary zinc finish. Luxury crystal cut bevels are sealed securely between 2 panes of safety glass to ensure good looks for many years to come.

CONTEMPORARY

Artemis

Simple but extremely effective. The Artemis features an etched glass centre with a clear surrounding border. A strong option for both traditional and modern homes alike.

Aspen

This European style design is produced using high grade brushed stainless Inox elements, that are bonded to the centre pane of glass. This combination provides a unique contrast.

Aztec

A luxury triple glazed option, featuring modern black came with hammered and stipple backing glass. This crisp design offers very high levels of privacy and allows lots of light throughout any entrance.

Cubic

The concentric squares inside a band of sandblasted glass is a subtle take on our Vector design. The Difuso glass ensures high levels of privacy whilst maintaining light transmission.

Deco

Exclusively commissioned by glass artisans, Deco uses a sophisticated frosted backing glass coupled with clear dividing lines that create a simple, elegant and highly desirable contemporary design.

Halo

A stunningly simple design, Halo is created using hand cut glass centres, that are polished and bonded within a clear border. The contrast offers a beautiful combination.

Luxor

Intricate laser cut brushed stainless steel is inset within each triple glazed panel and located with zinc joining strips. A heavily embossed backing glass offers good levels of privacy.

Mercury

A modern clear design laced into an etched backing glass with feature clear glass bevels. Mercury has a chic look with the glass bevels sitting proud to the outer glass pane.

Milan

A modern yet understated, sleek decorative door glazing. A blend of deep cut glass bevels and 'reed' highly obscure backing glass combine perfectly to reveal an extremely alluring finish.

Panama

A sophisticated, contemporary design incorporating various glass textures with clear 'came' lines. Panama is a twist on lineal Art Deco period style.

Rhapsody

Rhapsody is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Synergy

A modern twist on a traditional technique, Synergy combines hand-cut textured glass pieces, contemporary fused glass elements and polished zinc coming.

Tokyo

Tokyo is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Vector

By combining Fusion glass tiles with small stainless steel elements and etched glass, Vector is a strikingly modern glazing option that is ideally suited for contemporary doorsets.

Victorian Border

Obscure delicately sandblasted glass combined with a crisp clear keyline gives Victorian Border a classical simplicity that is equally in place in contemporary and traditional doors.

Bold Pink

Inspired by Pop Art and developed into a decorative glass design unlike anything else available by our design consultant Jeyda, Bold Pink makes the ultimate statement.

Etch Lines

The simplicity of the clear lines against the etched effect gives a truly contemporary, minimalist look that combines privacy and design.

Graphite

Graphite is modernity at its best. Using the latest weld-free coming technology in stunning matt black, it is a modern take on decorative glass which will complement any contemporary door.

Hive

Hive has always been a icon of hard work, but more recently, promotes the ideal of togetherness. It's roots have been based in Manchester for centuries – but can be seen across the UK as a symbol of nature.

Impression

Stunning black chrome coming combined with satin and grey bevelled glass pieces, Impression makes a striking statement encapsulated inside a double glazed unit for easy cleaning.

Kew

Kew combines intricate bevel work and soft water glass against a background of obscure etched glass. The central flower motif will make a stunning focal point for any door.

Lotus

Using the 'weld-free' chrome finish aluminium comes, combined with bevelled glass pieces and etched Millenium glass, Lotus is a truly stunning yet simple design.

Louisiana

The complex bevelled design combined with stunning textured glass creates a design with undoubted kerb appeal and 'Wow Factor'.

Metallic

Metallic is a brand-new innovation that combines a striking etched backing design with ultra-modern brushed stainless steel effect inserts. Perfect for those seeking the very latest contemporary finish.

Metropolis

Metropolis is inspired by the Art Deco designs of the 1930's and, with its bold design and colourways, it looks equally at home in both traditional and more modern door settings.

Peak

From the unique Jeyda design collection, Peak is a fabulously unique design with an array of colours and textures combined with fine black lines.

Quantum

Combining our soft acid etched Difuso glass with the deeper texture of the sandblasted design creates a modern, striking glass perfectly suited for contemporary doors.

Quadratum

The Etched glass squares with delicate clear circles inset in the pattern is a modern twist on the traditional etched glass style.

Skyline

A simplistic yet strikingly modern glass design, Skyline uses a combination of multi-width clear lines against a background of delicately sandblasted glass.

Soul Pink

The combination of delicate pink colours with varying levels of transparency, combine to create a modern design with a nod to the mid-century modern design style.

Spirit Pink

Bold colours and textures glass effects are combined with a beautiful, fused glass motif.

Space

Minimalist and stylish, Space is a modern geometric design of an etched glass design, offset with 3-dimensional black glass elements, encapsulated inside a triple glazed unit.

Tectronic

A truly contemporary design from our in-house designer Jeyda. The geometric shapes are combined with neutral greys and black glass colours to create a design unlike anything else on the market today.

Trinity

The multi-width lines of Difuso soft acid etched glass contrast beautifully with the deeper texture of the sandblasting to create a truly modern design.

GLAZiNG

Clear or Obscure Glass Options

The majority of our door styles are also available in a standard range of 4 carefully selected Low-E toughened patterned glass options or Low-E toughened clear glass. (Laminated versions also available).

Minster

Minster pays homage to historic hammered glass and is most suited to period homes or more traditional door styles.

Stippolyte

The timeless appeal of this stipple effect glass makes it one of our most popular options. The surface texture offers very high levels of obscurity and the design suits most door and house styles.

Cotswold

A more heavily textured pattern resembling water cascading over a surface. It is one of our most popular patterns and is especially suitable for doors that require higher levels of privacy.

Satin

Satin glass is an acid etched glass that offers high levels of privacy. It is a very neutral finish similar to sandblast and is ideal for use in both traditional and contemporary doors.

Decorative Glass Availability

Our multitude of decorative glass designs and options, paired with a wide range of door styles enables you to personalise your door effortlessly.
